Add-on features to tickets

- Coupon discounts
- Stamp cards
- Price based on time the ticket is used, or purchased
- Tier pricing
Buy 3, pay for 2
- After 2 purchased tickets the the rest of the tickets are cheaper
- Product options
Add-on features to tickets, such as upsell.
- 3rd party access to agents etc. to give different prices and invoice payments
- Possibility to give daily/hourly access quotas and stop the sales, if quota is full
- Pay at purchase or reserve to pay at site

Benefits of Yonoton ticketing system

- Use one backoffice to distribute the tickets to all sales channels without any integrations (POS, Mobile, WEB, Kiosk)
- Use same machinery to sell F&B as to sell tickets
- Possibility to bundle F&B and tickets
- Use tickets to F&B, such as drink tickets
